MANCHESTER HPB MASTERCLASS

Monday 8th June and Tuesday 9th June 2026
VOCO Manchester - City Centre

Manchester HPB Unit is delighted to welcome you for this HPB Masterclass, bringing together leading experts in hepatopancreatobiliary surgery and innovative practice.

Across two days, the programme will explore key topics including biliary and pancreatic disease, minimally invasive and robotic surgery, and the evolving management of HPB disease. Through a combination of expert-led sessions and practical insights, the course aims to create interaction among faculties and delegates to improve shared knowledge for superior patient outcomes.

We look forward to an engaging and informative meeting.
