PROGRAMME

Day Two – Tuesday 9th June

08.30 – 10.15	Session 3			
	Chairs: Ms Jen Barrie, Mr Richard Laing, Prof Giovanni Marchegiani			
	14	08.30	Advanced interventional endoscopy for HPB diseases	Dr Joe Geraghty
	15	08.55	Robotic pancreatoduodenectomy for PDAC: The eyes of the robotic surgeon Robotic technique in the eyes of the open surgeon	Mr Jawad Ahmad Prof Raj Praseedom
	16	09.25	Physiopathology and management of post pancreatotomy syndrome	Prof Gabriele Capurso
	17	09.50	Optimal management of pancreatic cancer: redefining UK national standards and improving collaboration	Prof Keith Roberts
10.15	Coffee Break			
10.45 – 12.25	Session 4			
	Chairs: Dr Sajjad Mahmood, Prof Andy Smith, Ms Andrea Sheel			
	18	10.45	Neoadjuvant chemotherapy for pancreatic cancers: what is coming next?	Dr Nadina Tinsley
	19	11.10	Pancreatic resection after neoadjuvant chemotherapy	Mr Nicola de'Liguori-Carino
	20	11.35	Management of pNET resection vs observation	Prof Stefano Partelli

All Industry Partners have provided financial sponsorship towards this event and have had no involvement in the creation of content or the organisation of the event.

	21	12.00	Pancreatic cystic lesions: when to observe, when to resect and when to discharge?	Prof Giovanni Marchegiani
12.25	Lunch Break			
13.25 – 15.05	Session 5 Chairs: Dr Saifee Mullamitha, Mr Giorgio Alessandri, Mr Rafael Diaz-Nieto			
	22	13.25	Surgical management of CRLM in 2026: where are we and where are we going.	Prof Ajith Siriwardena
	23	13.50	Multimodality management of oligometastatic colorectal cancer: can we do more?	Dr Kalena Marti
	24	14.15	Advanced MIS resections for colorectal liver metastases: feasible, safe and oncologically sound?	Mr Thomas Satyadas
	25	14.40	Role of surgical margins in liver resections: what we learned	Mr Santhalingam Jegatheeswaran
15.05	Coffee Break			
15.30 – 17.10	Session 6 Chairs: Dr Kalena Marti, Mr Mike Silva, Dr Panos Petra			
	26	15.30	Adjuvant and neoadjuvant treatment for resectable HCC	Dr Richard Hubner
	27	15.55	Liver transplantation for malignant liver tumours	Prof Krish Menon
	28	16.20	HCC when to resect, when to ablate and when to transplant	Mr Shahid Farid
	29	16.45	Liver resection for HCC on chronic liver disease: assessment, execution and pitfalls	Mr Jacob Kadamapuzah
17.10	Remarks and Closure Mr Thomas Satyadas, Nicola De'Liguori-Carino
